

Fast · Accurate · Accredited

Wide Range: 1000 Torr down to 1 x 10^-7 Torr

-Bourdon Tube, Piezo, Pirani, Thermocouple, Capacitance, Hot Ion, Convection, Cold Cathode, Combination

Calibrations include a minimum of 3 points per decade.

Quick turn-around: 2 weeks or less

Can calibrate for different process gases (N2 standard)

NIST Traceable

A2LA Accredited calibration lab with compliance to ISO/IEC 17025-2005 and ANSI/NCSL Z540-1-1994. Also complies with ISO-9001 quality standard.

Vacuum Gauge Calibration
